DEPARTMENT OF ANIMAL/SHEEP
HUSBANDRY DEPARTMENT

2016-17.

JAMMU & KASHMIR

ANIMAL & SHEEP HUSBANDRY DEPARTMENT

VISION:

Sustainable growth of livestock and poultry for nutritional security and economic prosperity of Jammu and Kashmir.

MISSION:

Genetic upgradation of local livestock to strengthen and improve livestock productivity and ensure a disease free livestock product supply chain for the state.

OBJECTIVES:

1. Genetic upgradation of livestock with exotic germplasm is the main activity associated with genetic up-gradation. Frozen Semen Technology being the main tool to achieve it in cattle and natural service in Buffalo and Small Ruminants.
2. Development of Poultry by introducing improved varieties of dual purpose birds as a backyard venture. To make commercial Poultry a viable and profitable endeavour so that it fulfils the local demand of poultry products.
3. Development of Sheep sector by laying emphasis on increasing mutton production and at the same time stabilizing gains achieved in fine wool production through appropriate selection and breeding methods.
4. Safeguarding the uniqueness of genetic resources in Goat Sector in form of Pashmina/Changra Goats and big sized Khagani goats, by following the policy which is conducive to augmentation of quality Chevon and fibre production through appropriate breeding technologies.
5. Prevention and Control of animal diseases through intensive vaccination of livestock with the ultimate goal to ensure a healthy society by making production of disease free livestock products.
6. To ensure survival and propagation of minor livestock species like Double Humped Camel, Yak and Zanaskari Horses and other domestic farm species of specific importance to certain areas.
7. Development of Feed and Fodder resources in order to realize the true potential of the improved cross bred livestock.

OUR ORGANISATION

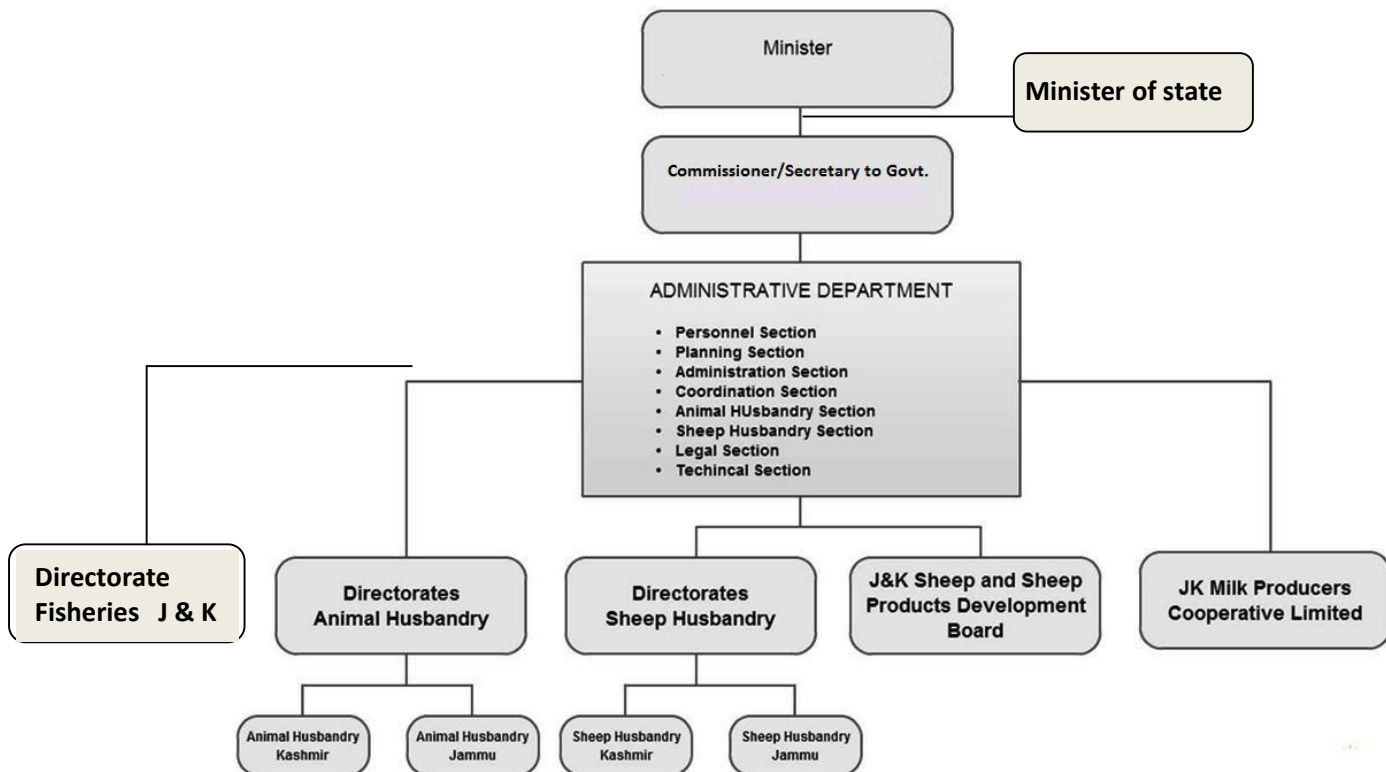

The apex controlling authority of the sector is Minister in-charge of Animal/Sheep Husbandry Department. The administrative setup is headed by Commissioner/Secretary to Government Animal/Sheep Husbandry Department which functioning in the Civil Secretariat.

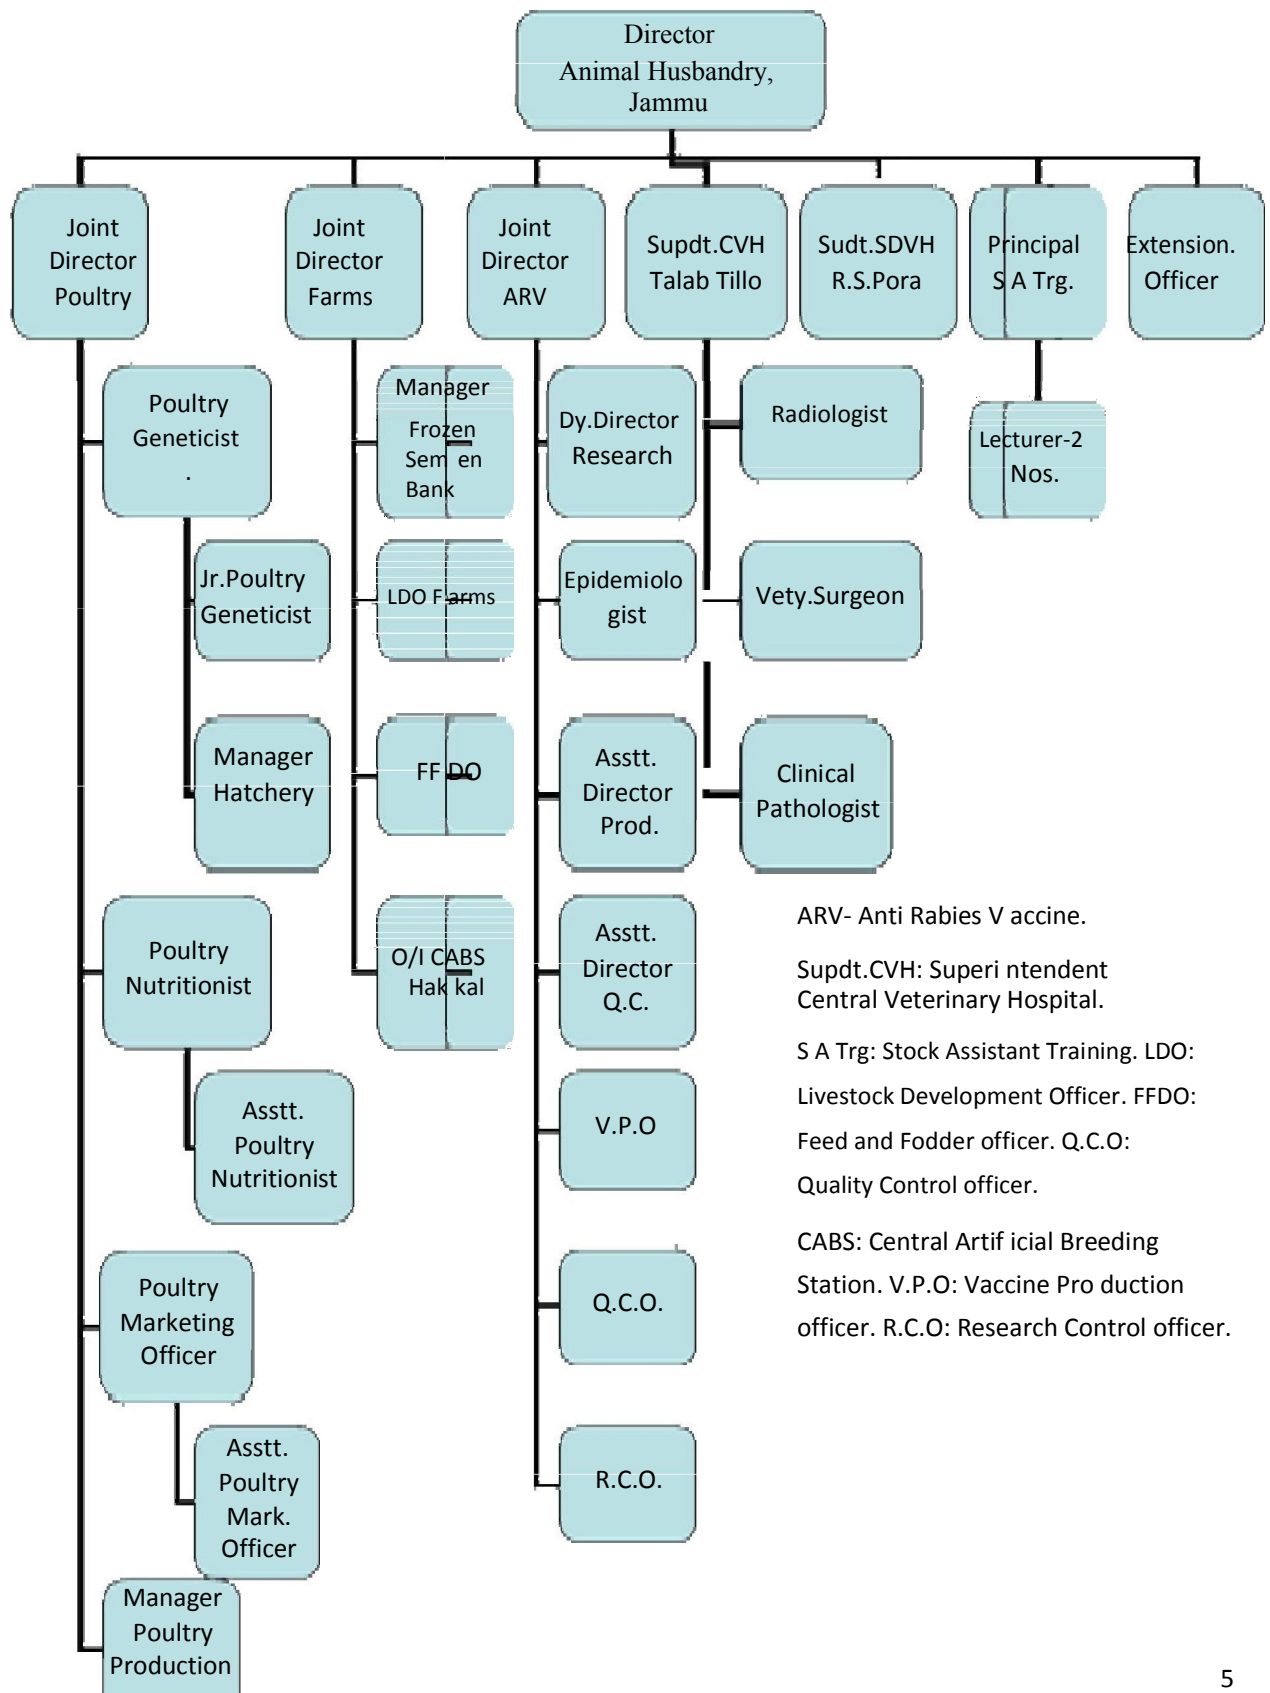

At Divisional level there are four independent Directorates, two of Animal Husbandry and two of Sheep Husbandry. There is also one J & K Sheep and Sheep Products Development Board for lending exclusive support to the development of sheep products like wool etc to the breeders. Also under the administrative purview, the semi-Government autonomous Cooperative body of JK milk Producers Cooperative Limited functions.

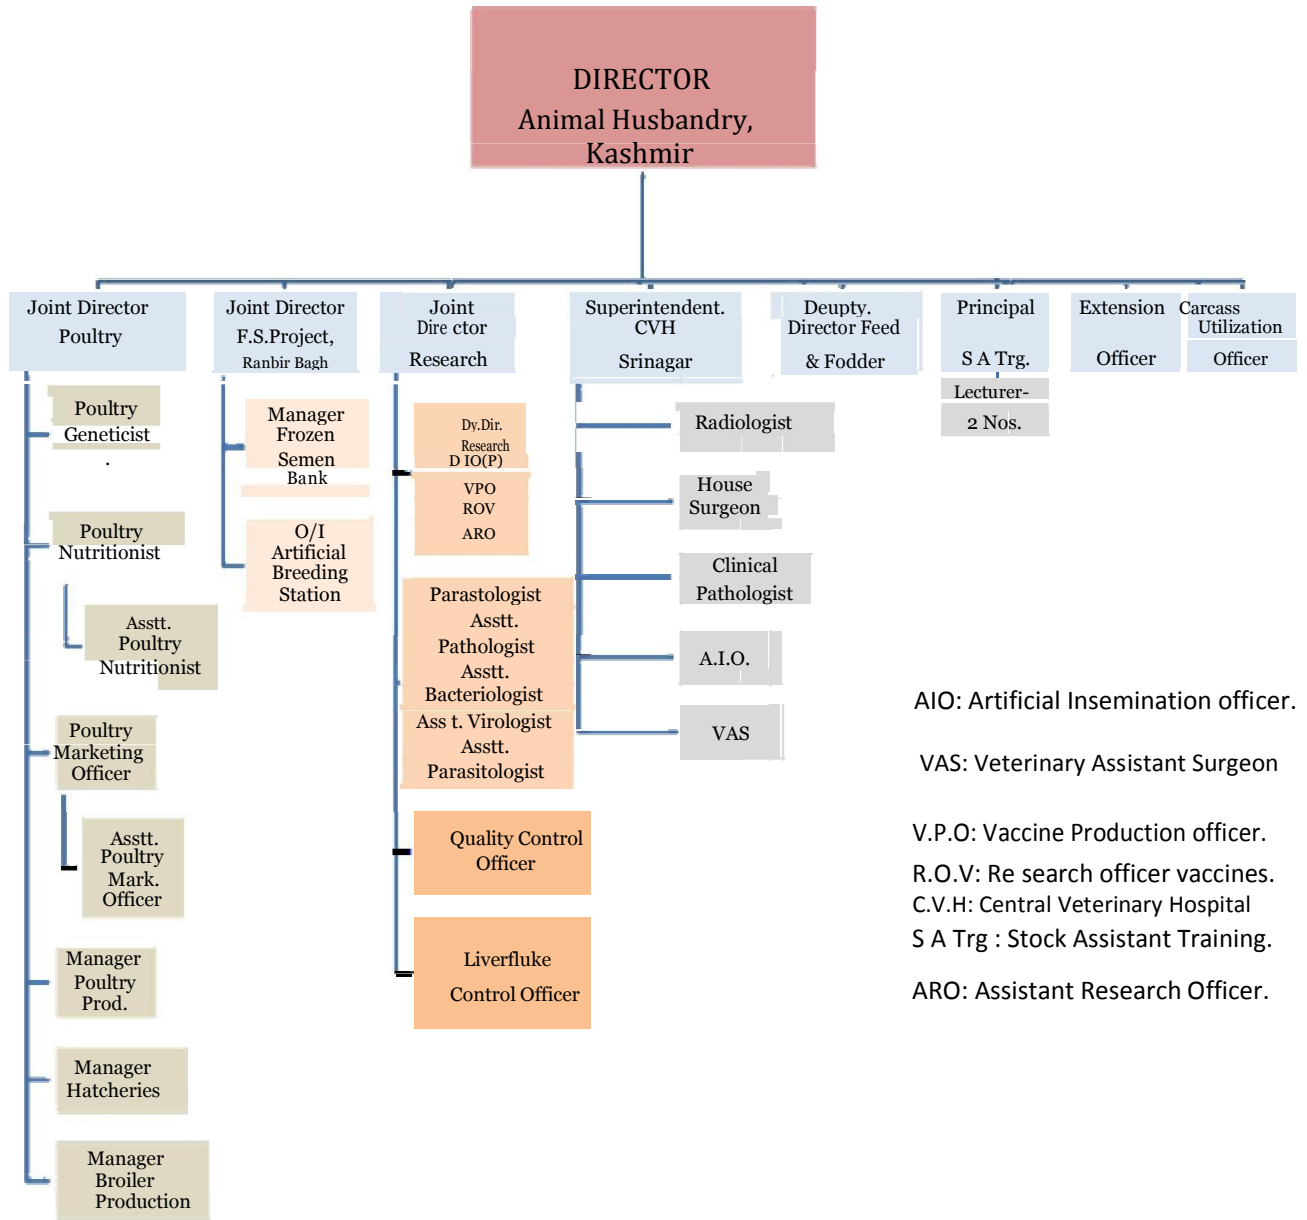

At district level, there are District level officers designated as *Chief Animal Husbandry Officer(CAHO)* under Animal Husbandry Directorates and *District Sheep Husbandry Officer(DSHO)* under Sheep Husbandry Directorates. Each District office is assisted by Mid rank Officers having different designations like *Disease Investigation officer, Livestock Development Officers, Poultry Development officers, Sheep Development officers etc.*

At field level Veterinary Assistant Surgeon is responsible for implementing all the programmes and schemes of the Department. He is assisted by Paravets.
